

**ITINERARY: Starts from \$105 per person**

**\*Prices may differ or fluctuate depending on the size of the group**

Just a few kilometers from Nairobi's bustling city center, you get to Nairobi National Park and Animal Ophanage where over 50 species of mammals can be found, including four of the "Big Five".

The park is one of Kenya's most successful rhino sanctuaries and sightings of Black Rhino are almost guaranteed. Nairobi National park has a rich and diverse range of birdlife with 400 species recorded, however all species are not always present and some are seasonal.

This tour will also include a visit to the animal orphanage. Located inside the National Park, the orphanage is home to wounded or orphaned animals which are nurtured back to health. Expected to be
